Small Grant Facility**

Guidelines for Grant Applicants

DEADLINE TO APPLY 16 MAY 2021, 24H00 (BRUSSELS TIME)

1. Background

Since its 2012 Communication entitled “*The roots of democracy and sustainable development: Europe’s engagement with Civil Society in external relations*”, the European Union (EU) adopted a policy shift to support civil society not only as a provider of aid but also as a pivotal actor of governance acknowledging the role of Civil Society Organisations (CSOs) to build stronger democratic processes, accountability systems and to achieve better development outcomes. The adoption of the 2030 Agenda for Sustainable Development, whose goal 17 recognises the need to work in stronger partnership, reinforced the commitment of the EU to support and to work in collaboration with CSOs. In order to implement this policy shift, the European Commission established, amongst other mechanisms, Framework Partnership Agreements (FPAs) with CSOs. Through the FPAs, CSOs are encouraged to contribute to policy-making at national, regional and global levels, especially in the formulation and monitoring of policies and agreements for the successful implementation of the Sustainable Development Goals (SDGs).

The Organising International Solidarity (OIS) Programme

As a signatory of an FPA Grant Project, SOLIDAR is implementing the programme “Organising International Solidarity: structuring local to global CSOs engagement and dialogue on EU development cooperation issues”. The project aims to enhance the capacity and effectiveness of SOLIDAR members and their partners in the field to engage in the implementation of the SDGs, in particular on decent work and social protection, as well as strengthening SOLIDAR representational capacities to collect views and inputs from members and their partners in the field and establishing a dialogue with the EU and International policy makers.
